We are excited to announce that the Crypto Valley on Metaverser is launching with a large influencer event, bringing in the top of the crypto industry into the world of Metaverser.

You can get your office in The Valley now, before the event and be exposed to the audience of the influencers who will join on the Influencer day.

We also enable utility for NFTs you would like to bring into Metaverser. This can help you increase the value of your NFT collection by bringing them into our world.

The Crypto Valley Campaign will redefine the world of digital representation. We are bringing companies into the Metaverse with their own offices and shops. Collaboration between the companies inside the crypto valley is one thing we are excited about the most!

In total there will be 24 buildings of which 3 are in the centre of the city and are the biggest. These are three stories tall.

We will also give away 3 two-storey buildings.

There are also 18 one-storey buildings in crypto valley. In total, there is 3 different versions of the one-storey building.

People who buy buildings will also be able to organise events in the facilities within Crypto Valley. These include the Live Concert Hall, Fashion Centre , Art Gallery and Nightclub.
